Student Satisfaction Survey 2022-2023

Students' Satisfaction Survey conducted by IQAC for the year 2022-2023 on the seven criterion of NAAC accreditation comprising of the data related to rules and regulations, teaching learning activities, curricular and extracurricular activities, and Infrastructure facilities without adding the personal data of students. There are 501 students participated in this survey. The institution conducts annual student satisfaction survey through online confidential forms about syllabus delivery, student amenities, effectiveness of the programmes etc. covering all important areas as per NAAC guideline. Apart from factors including promptness, effective teaching learning methods, mentoring, evaluation, outcome, extracurricular activities, the adaptability into ICT/ hybrid learning methods etc. were queried on.

The survey showed a considerable rate of student satisfaction in teaching, student-teacher relationship, extracurricular activities, ICT enabling etc. while student support and progression showed scope for improvement. The survey report for each staff was collated and they were informed of the rectifications needed. The institution is confident that the student satisfaction survey will inspire the staff to further improve their services and which will assure better outcome in the coming years.
